MANAGEMENT
SERVICES INC.

BMG BullionFund changes the Fund Code prefix from MBF to BMG

As of Sept. 8, 2008 BMG BullionFund (formerly The Millennium BullionFund) has changed the FundSERV management code prefix MBF to BMG. There will be no changes to our existing fund names or fund numbers as the only change is to the prefix code - MBF to BMG.

The existing fund code prefix MBF will cease to exist as of this date.

Canadian mutual fund industry standards use three letters to identify the fund company followed by three numbers to identify each class and subclass of a particular fund. With this modification only the three letters will change and not the three numbers. Foreexample, the current and new fund codes for class A and class F are shown below:

	Current Fund Code	New Fund Code
Class A in Canadian \$	MBF100	BMG100
Class A in US \$	MBF101	BMG101
Class F in Canadian \$	MBF600	BMG600
Class F in US \$	MBF601	BMG601

For advisors, should you have any questions please contact our Dealer Services team at 416.955.6003 or 866.241.6484.
